When making a purchase, which selection (credit or debit) do I choose?

Select “Credit” or “Debit” to make a purchase. Select “Debit” to get ‘cash back’ with your purchase at participating merchants. (You will have to enter your PIN.)

Can I pay bills with my card?

Yes. You can visit your billers’ websites and provide your 16-digit card number and expiration date or log on to usbankfocus.com and select the “Pay Bills” option. The online bill management service includes a biller directory that helps you log onto your billers’ websites and complete payment information with just a few clicks.

Can I use the card at the gas pump?

Yes. However, if you use your card to pay at the pump, a hold may be placed on your account to initiate your transaction. This amount will be held until the actual transaction amount clears. If you do not want funds held while waiting for the transaction to clear, please pay the cashier inside for your gasoline purchase. Payments made inside clear for the actual transaction amount immediately.

Do I need a PIN to use the card?

Yes and no. The card can be used to make signature-based purchases without a PIN.
