For security reasons, your card comes in a plain white windowed envelope with an Indianapolis, IN, return address.

The card comes with:

- Instructions on how to activate the card including a QR code to scan that brings you to the mobile app for easy card activation

Using the card

When making a purchase, do I select Debit or Credit?

Select "Credit" or "Debit" to make a purchase. When you select "Debit" you will have to enter your PIN.

What should I do if I forget my PIN?

You must visit myusbankprepaidcard.com or contact Cardholder Services at 866.335.1721 to reset your PIN.

Do I need a PIN to use the card?

Yes and no. The card can be used to make signature-based purchases without a PIN. However, a PIN must be used for PIN-based purchases and for cash withdrawals at ATMs (if cash access is allowed on your card). You must choose your own PIN by visiting myusbankprepaidcard.com or by calling Cardholder Services at 866.335.1721 after you receive your card. For security reasons it is important that you pick a PIN that only you would know, and not share the PIN or the card with anyone.

How can I be notified when funds are deposited to my card?

You have the option of signing up for optional text¹ or email alerts when money is added, your card balance gets low or to view transactions at myusbankprepaidcard.com. You can also use our two-way text alert feature by texting a short code to receive the following updates:

Alert Type	Instructions
Balance Alert	Text BAL to 90831

Customer Service Number	Text HELP to 90831

Can I manage my account with my smart phone?

Yes. You can use the **U.S. Bank Mobile App** to check your account balance, enroll in and manage alerts, view your most recent transactions or search for the nearest in-network ATM location. Search for "U.S. Bank" in the App Store® or Google Play™.

Can I make a purchase for more than the amount on my card?

If you need to make a purchase for more than the amount you have on your card, you will need to use two forms of payment. Tell the cashier how much you want taken from the balance on your card – the cashier cannot determine your available balance. Then, pay the remaining balance with cash, check, or another debit/credit card.

How do I obtain information about fees for my Solutions Card?
